

Give Kids a Smile in Hastings

Friday February 4, 2011,

Dentists and staff will work together to provide free dental care to kids who do not have access to dental care.

Services offered in Hastings will vary from preventive care, which includes cleanings, sealants and fluoride treatment, to restorative care, which includes fillings. Information on specific services will be outlined when an appointment is scheduled.

Typically, the age range is 3 to 18. But, since it may vary, it's important that parents ask this question when making an appointment for their child.

All patients must have appointments in advance and be accompanied by a parent or legal guardian. After Jan. 1, 2011, parents may call United Way 211 (just dial 2-1-1) or 651-291-0211. Operators will have a list of participating dental offices and will be able to direct people to a location in their area. For Children in the Hastings School district, Parents can call a dental office listed below to schedule an appointment.

Midwest Dental 437-7844
Dr. Michael Milliren
Dr. Todd Porter

The New Art of Dentistry 437-1166
